NEW Santa Clara County Order November 28th 2020 [County of Santa Clara Public Health Department Announces Revisions to the Health Officer's Mandatory Directives Amid Steeply Rising Cases and Hospitalizations - Novel Coronavirus \(COVID-19\) - County of Santa Clara \(sccgov.org\).](#)

Changes affect capacity inside and outside gatherings, recreational activities, and quarantine if traveled 150 miles outside of Santa Clara County. Please review the link above.

A Reminder- Please remember to carry your letter from leadership about the nature of your work and your badge, if stopped and questioned by the authorities. You are employees required by the federal government to report to work. See the SCC page for exceptions to the stay in place orders.

California Travel Advisory has been revised As COVID-19 cases continue to increase across the country, California Governor Gavin Newsom, Oregon Governor Kate Brown and Washington Governor Jay Inslee issued travel advisories urging visitors entering their states or returning home from travel outside these states to self-quarantine to slow the spread of the virus. The [travel advisories](#) urge against non-essential out-of-state travel, ask people to self-quarantine for 14 days after arriving from another state or country and encourage residents to stay local. Link to the statement from the governor:
<https://www.gov.ca.gov/2020/11/13/california-oregon-washington-issue-travel-advisories/>

LM Space will not police the 150-mile county rule, however, It is important to limit travel to the greatest extent possible. Only travel if needed, employees are on the honor system. Management has been advised not to interrogate or ask employees where they have traveled during the holidays. It would be wise for employees not to post pictures on social media about their travels and then not be honest about it when they return if in fact they do travel.

The information listed herein This bulletin is a collaborative venture between the Union and the Company. Do not assume to know who may be represented by the information disclosed within the Corona Virus Update. Let's be respectful to our coworkers by keeping rumors to zero; we must show respect to all employees, even if we have the best of intentions. It's impossible to assume how others may respond or feel. Treat others how you would want to be treated with respect to their privacy.

Blueprint for a Safer Economy California has a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities. Click here for details: <https://covid19.ca.gov/safer-economy/>
[Covidinsights - https://covidinsights.global.lmco.com/](https://covidinsights.global.lmco.com/)

This COVID insights website establishes a framework for implementing the operational protocols of Lockheed Martin facilities during the COVID-19 pandemic.

<u>Misting Schedule:</u>		
SCHEDULED	LOCATION	WHEN
Dec 15 th & 16 th	B/178 & 159	0300 - 0500
Dec 22 nd thru 24 th	B/181 & 182	0300 - 0500

Misting operations Most operations are scheduled between 0300-0500 but may vary. It is important to stow away all personal items and drinking cups.

International Travel Alert –if employees go on personal travel outside of the United States, they may be subject to self-quarantine without KNDS pay, however CA State Law AB 1867 gives up to 80 hours of pay if quarantined, the company may factor this into any request for time off, and may deny your request due to operational requirements. Discuss this with your leadership before making plans outside of the country. Please review the LM website link below.

Symptoms –LM Space employees as well as vendors, are to self-check their symptoms prior to coming into the facility. **If a temperature of 100.4 is indicated, you are to contact your manager. If anyone feels they have been exposed to the virus they are to call their management immediately and wait for further instructions.**

Temperature checking stations are located at all Bay Area locations; B/602 SCTB, B/520 Lobby in Santa Clara, B/202 in Palo Alto and the Visitors Center in Sunnyvale. If required to quarantine due to pending test results, you may be put on the KNDS charge number.

Masks– Requirements to Wear Facial Coverings/Masks:

It is generally expected that facial coverings be worn at all times. However, they can be temporarily removed when employees have at least six feet of physical separation.

Facial coverings must be worn while onsite at any Lockheed Martin facility including but not limited to Hallways, Breakrooms and restrooms, Conferences, and meeting rooms; during transit through and in the facility; anytime personnel are in a common area/spaces where others are present or will be expected to pass by such as Office areas, Manufacturing floors and Labs.
